TT Environmental is the trading name of Technical Typing (Environmental)
Ltd, registered in England & Wales no 4273163.

Worried about Environmental Legislation?

Integrated Pollution
Prevention & Control
Contaminated Land

Let us guide you through the maze

If you're confused by the latest environmental legislation, or just worried by how fast it seems to change, why not give us a call?

You may need help with all or part of your IPPC application, or are concerned about your liabilities under the Contaminated regime. Perhaps you think your site is contaminated, or need help dealing with a chemical, oil or diesel spillage to land.

At TT Environmental, we specialise in land and water issues which affect manufacturers.

IPPC SERVICES

- IPPC application site reports
- IPPC applications
- Site protection and monitoring programmes (SPMPs)
- Dealing with environmental incidents and clean-up during PPC permit
- IPPC closure site reports

Liaison and negotiation with Environment Agency/ SEPA is all part of the service!

CONTAMINATED LAND

We're interested in Contaminated Land issues affecting working industrial sites:

- Contaminated Land requests by your Local Authority
- Site investigation, phase 1, 2 and 3 site reports
- Becoming a "special site"
- How Contaminated Land inter-relates with IPPC regulations, Groundwater regulations et al

OTHER SERVICES

- Environmental incident investigation and clean-up
- EMS and quality system services

INTERESTED? WHAT TO DO

For a free no-obligation discussion or site visit, call Janet Murfin direct on 01274 870306, mobile 07900 212126, or email janet@ttenvironmental.co.uk

If you'd like more information on our services, check out the website at www.ttenvironmental.co.uk.

Thanks for reading this leaflet, and we look forward to hearing from you soon.

Janet Murfin

WHAT OUR CLIENTS THINK

"TT Environmental has given the site great support in preparing for IPPC registration.

Collating the Site Report for a relatively small site, but one

with a long history of occupation and complex topography was a daunting task but Janet's combined knowledge of chemistry and soil science proved invaluable.

Janet has liaised well with the regulators and has proved persuasive on our behalf.

We have found that working with TT Environmental has proved both constructive and cost effective."

Barry Milner, Site Manager, Rhodia HPCII UK Limited
